Name:	GenAIBIZ (Exam GAZ-210): Making Generative AI Work for Your Business
Score:	16/25

Thank you for taking the certification assessment for CertNexus' GenAIBIZ credential. Unfortunately, there are principles that you are not familiar enough with to demonstrate an adequate understanding. As such, CertNexus cannot renew your credential and strongly recommends that you review the GenAIBIZ materials or take the AIBIZ training course, and then attempt to pass the GenAIBIZ assessment again.
